## CHAIRMAN'S MESSAGE

It is with great pleasure that I issue message to the book titled “Admission to Undergraduate Courses of the Universities in Sri Lanka, Academic Year 2011/2012”. Gaining a degree is a major step in your life. The degree programmes in universities will not only provide you with a wide range of courses to suit your individual needs and ambitions, but will also nurture your sense of purpose and vision.

If you are thinking about studying at a university, selecting a course which suits your needs, interests and future plans can be a difficult decision. This publication aims to help you make that choice by giving you information about the courses available in universities, rules and regulations for university admission, minimum qualifications required for university admission and subject pre-requisites for certain courses of study.

I hope that you find this publication useful and informative and that the information provided will help you make informed decisions about the course you eventually pursue.

Admission to universities is extremely competitive. Out of 54,124 students who applied for university admission based on the 2010 G.C.E. (A/L) Examination only 22,016 students were selected. As a percentage this works out as 40.7%. However, with your expertise and talent, there is no limit to what you can achieve.

I wish you every success in your studies and hope that your final qualification from the University leads to a happy and fruitful career.

Finally, I take this opportunity to thank the officers and staff of the Admissions Department and the other officers of the UGC who contributed to produce this Handbook.

**Prof. Gamini Samaranayake**  
**Chairman**  
**University Grants Commission**

## 3 ADMISSIONS POLICY

- 3.1 Admission of students to Universities in Sri Lanka is being done on the basis of an admission policy laid down from time to time by the University Grants Commission with the concurrence of the Government.
- 3.2 The following admission policy will apply in respect of the *Academic Year 2011/2012* for admission to Universities.
- 3.2.1 Selection of students will be determined on the basis of rank order on average Z Scores obtained by candidates at the G.C.E. (A/L) Examination held in 2011 released by the Commissioner General of Examinations.

### 3.2.2 Minimum Requirements for Admission:

Candidates who are pronounced eligible by the Commissioner General of Examinations should have obtained;

- (a) at least 'S' Grades; in all three approved subjects; and
- (b) a minimum mark of 30% for the Common General Paper

#### **NOTE**

*Candidates who are pronounced ineligible by the Commissioner General of Examinations due to not satisfying (b) above are also allowed to apply for university admission only if they have already satisfied at previous attempt / attempts or would satisfy at any future attempt the said requirement within the three attempts allowed to sit the G.C.E. (A/L) Examination for the purpose of university admission.*

### 3.2.3 Admission Criteria

- 3.2.3.1 **In the case of Arts courses** [i.e. Arts, Arts (SP), Arts (SAB), Communication Studies, Peace & Conflict Resolution, Islamic Studies, Arabic Language] admission will be made on an **all island merit basis** subject to the condition that the total number admitted from a given district will not be below the total number admitted from that district in the academic year 1993/94 or 2002/2003, whichever is greater.
- 3.2.3.2 Admission to **all courses other than the courses stated in 3.2.3.1 above** will be made on a dual criteria, namely:
- All Island Merit
  - Merit on District basis

#### **Under All Island Merit criteria:**

- (i) Up to 40% of the available places will be filled in order of Z Scores ranked on an all island basis.

### Under District Merit Criteria:

- (i) Up to 55% of the available places in each course of study will be allocated to the 25 administrative districts in proportion to the total population, that is, on the ratio of the population of the district concerned to the total population of the country.
- (ii) A special allocation up to 5% of the available places in each course of study will be allocated to the under-mentioned 16 educationally disadvantaged districts in proportion to the population, that is, on the ratio of the population of each such district to the total population of the 16 districts;

1. Nuwara Eliya	7. Vavuniya	13. Polonnaruwa
2. Hambantota	8. Trincomalee	14. Badulla
3. Jaffna	9. Batticaloa	15. Monaragala
4. Kilinochchi	10. Ampara	16. Ratnapura
5. Mannar	11. Puttalam	
6. Mullaitivu	12. Anuradhapura	

The number of places allocated on the district merit quota given in (i) and (ii) above will be filled in order of Z Scores ranked on the district basis.

#### NOTE 1

*In selecting students for a given course of study, it will be ensured that the quota allocated to any district under (i) and (ii) above will not be below the quota in the academic year 1993/94 or 2002/2003, whichever is greater.*

#### NOTE 2

*It should be noted that the actual numbers selected could vary from the proposed figures mentioned in the paragraph 2.1 above, because of practical problems encountered in allocating students to Universities and other unavoidable factors. The approximate distribution of the above numbers among different universities is given in Table 01.*

- 3.3 A limited number of students will also be admitted on special grounds as specified in Paragraph 19 (a), (b1), (b2), (c), (d1), (d2), (e) and Paragraph 20 in **PART TWO** of this Handbook, subject to the conditions set out therein.

## 9 COURSE PREFERENCES

- 9.1 Every candidate should clearly indicate in the application for admission the courses of study to which he/she seeks entry. **Candidates will not be considered for the courses of study to which they have not marked a preference. They can apply for any number of courses** if they are qualified to be considered for those courses. If a candidate wishes to be considered for two or more courses of study, such courses of study should be indicated in descending order of preference.

**No candidates will be permitted to change the order of preference after one month of the closing date of applications.**

- 9.2 A complete list of the courses of study available is set out in Annex I. Students should be guided by this Annex when selecting the courses they wish to follow. However, when indicating the courses of study according to their order of preference, **candidates should clearly understand that initially they would be selected only for the courses of study mentioned under 7.2 and not for a particular university or a particular subject combination of a university stated in Annex 1.**
- 9.3 When a candidate has indicated preferences for two or more courses of study, he/she will, in the first instance, be considered for admission to the course to which he/she has given first preference. If the candidate is not selected for that course, he/she will be considered for the next course of study he/she has given second preference in the application. This process is illustrated by the following example:

Assume that a candidate has indicated in his application ten courses of study in the following order of preference;

1. Medicine
2. Dental Surgery
3. Veterinary Science
4. Agriculture
5. Food Science & Nutrition
6. Applied Sciences (Bio. Science)
7. Biological Science
8. Law
9. Architecture
10. Management Studies (TV)

This candidate will be considered first for Medicine, then for Dental Surgery, next for Veterinary Science and so on according to his/her order of preference until he/she is selected or is found not to qualify for any of these ten courses of study. Let us presume that his/her Z score, which is inadequate for both Medicine and Dental Surgery qualifies him/her for admission to Veterinary Science, he/she will then be selected for Veterinary Science and will not be considered for any of the preferences given in 4 to 10 above.

- 9.4 Those who wish to change the course preference order should do so in writing according to the format appended below and send under registered cover to reach the Additional Secretary, Academic Affairs & University Admissions, University Grants Commission, No 20, Ward Place, Colombo 7, **within a month of the closing date of applications.** The signature you place here should be same as the signature you have already placed in your University Application Form. **Requests for change the order of course preference through fax or e-mail shall not be accepted.**

It is important to note that, only candidates who satisfy the minimum requirements for university admission (set out in Section 3.2.2 above) and the appropriate subject pre-requisites (set out in Section 8) for the relevant course of study will be considered under this special provision. Applicants are required to submit Medical Certificates acceptable to the UGC in proof of their physical disability. They should apply in a special form obtainable from the UGC or from the official web site of the UGC, [www.ugc.ac.lk](http://www.ugc.ac.lk).

### (e) Admission of Teachers

The University Grants Commission may admit to courses in Arts, Biological Science, Physical Science and Applied Sciences each year a limited number of teachers belonging to the following categories:

#### **NOTE**

*Teachers selected for admission should be prepared to follow the courses of study that are offered to them.*

*All the Science students will be admitted to the first year of study.*

The Director General of Education through a Government Gazette Notification will entertain applications for admission of teachers in the first instance. Selections will be made by the UGC based on the performance (Aggregate and / or marks obtained for the relevant subjects) of candidates at the G.A.Q / G.S.Q Examination. In addition, the UGC / Universities may decide to have a viva-voce examination for candidates seeking admission to some degree programmes. **Candidates should not send applications direct to the UGC.**

For some subjects in the Arts streams, an adequate number of students may not be selected on the basis of the admission criteria specified in section 3 above. As a result, some Faculties and Departments could be in a position to admit a larger number than the number selected under the normal admission criteria. In such circumstances, the UGC may, at the request of the Universities concerned, decide to admit a limited number of additional students for selected subject areas. This is ‘an additional intake’ aimed at making optimal use of the human and physical resources available at Universities, as well as meeting skilled manpower needs of the society. Since candidates are selected out of those who have already applied for the normal intake, **no separate application need to be made for selection under the Additional Intake.** In order to be eligible for admission under this provision every candidate should have necessarily obtained at least a “C” Grade for the subject (in the case of English Language minimum requirement is a “S” Grade) for which he/she would be considered. Successful candidates should study this subject area through out the duration of his/her university education. If the candidate intends to obtain a specialized degree he/she should select the same subject due to which he/she was selected under this special provision. ## 16. Courses of Study according to the order of preference:

Refer Section 09 of this Handbook before filling this section.

Applicants can apply for any number of courses if they have fulfilled the minimum requirements and subject prerequisites for those courses. No candidates will be permitted to change the order of preference after one month of the closing date of application.

Applicants should clearly understand that they will be considered only for the courses of study to which they have marked a preference. Candidates will not be considered for the courses of study to which they have not marked a preference.

If you wish to be considered for several courses for which you are qualified, indicate in the column marked "Course of study (code)" the preference that you give for each course of study first and the University at which you wish to follow those courses of study according to your order of preference in the section marked "Order of University Preference (University Code)" thereafter. In both cases indicate the relevant code number/s (ie. 01,02,06,25,etc...) and character/s (ie. A, B, C, etc...) as given in the instructions. However, there is no guarantee that an applicant will be admitted to a course of study or to a University of his choice just because he/she has satisfied the minimum requirements and the subject pre-requisites.

Eg.: Assume that you wish to be considered first for Medicine (01), then for Dental Surgery (02), then for Veterinary Science (03), Food Science & Technology (35), Auyrveda(32), Agriculture(04), Biological Science(06), Law(25), Applied Sciences - Bio.Sc.(07), Management Studies – TV(22), Information & CommiunicationTechnology(38) in that of preference order. And also you wish to be considered for admission to follow the course in Medicine (01) at the Universities of Sri Jayewardenepura(C), Colombo (A), Peradeniya(B), Kelaniya(D), and Ruhuna(F) in that order of preference, Biological Science(06) at the Universities of Colombo(A), Kelaniya(D), Peradeniya(B), Sri Jayewardenepura(C) and Ruhuna(F) in that order of preference and so on.

Then, you should indicate the Course Codes and the University Codes, which have been assigned for each course of study and each university according to your order of preference as follows;

*(Please refer page no. 64 & 65 for the mapping tables for Courses of Study and Universities.)*
